

WOS 1

The screenshot shows a web browser window displaying a Web of Science article. The browser's address bar shows the URL: webofscience.com/wos/woscc/full-record/WOS:001670975200003. The page header includes the Clarivate logo, 'Web of Science' branding, and a 'Research Assistant' profile. The article title is 'Semantic features of the representation of the lexemes <<чужой / (sic)>> (the other) in russian and korean proverbs and sayings'. The author information lists Kim, O (Kim, Olga); Kim, A (Kim, Alexander); and Lebedeva, T (Lebedeva, Tatiana). The source is 'LINGUAS E INSTRUMENTOS LINGUISTICOS', Volume 28, DOI: 10.20396/ill.v28i00.8680862. The article number is e25010, published in 2025, indexed on 2026-01-31, and is a document type of 'Article'. The abstract discusses a comparative analysis of the semantics of the lexeme <<чужой / (sic)>> in Russian and its functional equivalent <<(sic)>> in Korean, based on a lexico-semantic and pragmatic analysis. It notes that in the Russian tradition, the concept <<чужой / (sic)>> is marked by meanings of alienation, distrust, and a potential threat to personal or social boundaries. In Korean proverbs, similar connotations, models of social interaction based on respect, hierarchy, and collective responsibility have been identified. The work primarily focuses on Russian proverbs and sayings, but also includes Korean ones. The article plans to consider the situation with Korean proverbs and sayings in detail.
